

# ALLIED JOINT FORCE COMMAND NAPLES

DATE: 21 March 2011

SUBJECT: Notification of Intent (NOI) to issue an Invitation for International Bidding (IFIB) for Building four (4) Ammunition and four (4) Weapon Storages at 4 Kosovo Security Forces (KSF) Barracks (Gjilan, Mitrovica, Prizren, Pomazatin), Kosovo.

The following information is provided on an Invitation For International Bidding (IFIB) that this Headquarters has the intention to release:

IFIB reference number: **ACO-NAP-11-39**

Title of IFIB: Building four (4) Ammunition and four (4) Weapon Storages at 4 Kosovo Security Forces (KSF) Barracks (Gjilan, Mitrovica, Prizren, Pomazatin), Kosovo

Requirement: The purpose of this requirement is to provide all labor, equipment, and supplies necessary to Construct four (4) Ammunition Storages and four (4) Weapon Storages at Kosovo Security Forces (KSF) Barracks, Gjilan, Mitrovica, Prizren, Pomazatin, Kosovo, as it is described in the following paragraphs, by means of a firm fixed priced contract.

The Construction works will result in complete and useable buildings for storing Weapon and ammunition in 4 KSF Baracks. The buildings for Weapon and Ammunition storages are identical and what differences them is the location of the barracks and the surrounding environment where they are going to be constructed. This project will result into 8 buildings, 4 for weapons and 4 for ammunition storage.

Each location will have one building for storing weapon and one building for storing ammunition. The location for each building is identified based on security and operational requirement individually for every barracks.

Dimension of the Ammunition storage building is 98.2 m<sup>2</sup> (9.8x9.8 m).

Where the dimension for the Weapon storage is 116.9 m (11x 11m ).

Contractor shall provide all engineering including plant, labour, materials, equipment, oversight, surveys, subcontractors, and quality control to complete the project described in the Statement of Work. This includes both work specifically detailed, as well as work implied by regulations or common engineering practices so as to provide a complete and useable project.

Work must be in compliance with all EU standards and regulations.

The following executive projects will be required to build a weapon or ammunition storage:

- Preparation works
- Gravel works
- Concrete and steel works
- Hydro isolation works
- Masonry works
- Plastering and painting
- Floor and Roof works
- Doors and windows
- Electrical system
- Observation system, recording camera system
- Alarm system
- Heating and ventilation system
- Smoke detector system
- Shelf's for storing
- Fence for the building

The reference guidance for designing the requirements is the IMAS 10.50 including the recommended national or international standard for design of the Weapons and ammunition storage. In addition, the material to be proposed should be in accordance with the procedures and standards contained in "General Specifications," European Agency for Reconstruction (European Standards and ISO certificates).

Type of Contract: Firm Fixed Price

Period of Performance: 1. KSF Gjilan,  
\* Weapon storage 45 working days  
\* Ammunition storage 35 working days  
\* Total for KSF Gjilan barracks 80 working days  
2. KSF Mitrovica.  
\* Weapon storage 50 working days.  
\* Ammunition storage 45 working days.  
\* Total 95 working days.  
3. KSF Prizren.  
\* Weapon storage 45 working days  
\* Ammunition storage 35 working days  
\* Total for KSF Prizren barracks 80 days
